DEPARTMENT OF INTERGOVERNMENTAL AFFAIRS

SUPPLEMENTARY INFORMATION

FOR

LEGISLATIVE REVIEW

2001-2002 EXPENDITURE ESTIMATES

PREFACE

This document has been prepared by the Department of Intergovernmental Affairs as a supplement to the printed main estimates. Its purpose is to provide background information about department activities and functions and link this information to financial requirements. It is hoped the supporting detail contained in this document will assist Members of the Legislature in reviewing departmental estimates.

The Supplement is organized into three parts. The first section provides an overview of the Department of Intergovernmental Affairs' 2001/02 budget requirements. The second, a program and financial information section, displays financial details accompanied by explanations which tie program activity to staffing needs and operating expenditures. This section is organized by main appropriations so that an easy cross-reference to the printed main estimates is provided. The final section supplies comparative historical information. A standard glossary of terms is also included at the end of the document.

PART I

DEPARTMENTAL OVERVIEW

DEPARTMENT OF INTERGOVERNMENTAL AFFAIRS

MINISTER

HONOURABLE JEAN FRIESEN

DEPUTY MINISTER

MARIE ELLIOTT

HISTORICAL BACKGROUND

The linkage between the Province and Manitoba's municipalities is simple and direct. Provincial legislation provides for the existence of municipal governments and specifies their duties and powers. Within the parameters of this legislation, municipal government is autonomous in its own house, and a municipal council is a corporate and independent decision-making body.

Over time, the increasing range of provincial and municipal government services necessitated a broader linkage. As a result the Department of Municipal Affairs was established in 1953 and the Department of Urban Affairs was established in 1971 to coincide with the enactment of a new City of Winnipeg Act. The mandate of Municipal Affairs, outside of the City of Winnipeg, was subsequently further expanded to more accurately reflect its client base and the expanded nature of its responsibilities. In 1989, Municipal Affairs became the Department of Rural Development.

In 1999, these two departments, with similar responsibilities for municipal government, came together to form one department focused on working co-operatively with all local governments, communities and the people of Manitoba. The Department of Intergovernmental Affairs was established.

ROLE AND MISSION

Manitoba Intergovernmental Affairs' mission is to support Manitobans in building healthy, vibrant and sustainable neighbourhoods and communities. The Department provides leadership and works collaboratively with urban, rural and northern Manitobans towards ensuring that their communities are places of opportunity. The clients that the Department serves include individuals, local governments, community organizations and businesses.

To meet these citizens' needs and, indirectly, the needs of all Manitobans, the Department establishes a legislative, financial, planning and policy framework that supports democratic, accountable, effective and financially efficient local government, and the sustainable development of our communities. The Department also provides programs aimed at meeting particular needs for training, on-going advice, technical analysis and funding related to community/neighbourhood revitalization and development, infrastructure development, land management, business support and local governance.

With a common interest in promoting the well being of our residents and in promoting Manitoba communities, the Department takes on a leadership role through its functioning as an advocate of community and neighbourhood needs and a catalyst and co-ordinator of action. The Department promotes and participates in intergovernmental alliances and strategic partnerships with the private sector and non-governmental organizations.

To undertake these responsibilities, the Department has been organized into four functional areas:

- Community and Land Use Planning Services
- Provincial-Municipal Support Services
- Economic and Community Development Services
- Strategic Initiatives

These areas are supported by an Executive Management, which includes the Administration and Finance Branch and Program and Policy Development Branch. Several Boards, Committees and Agreements also function within the Department.

A description of the role and responsibilities of each section is included in Part II of this document.

SCHEDULE 1

STATUTORY RESPONSIBILITIES OF THE MINISTER OF INTERGOVERNMENTAL AFFAIRS

The City of Winnipeg Act (S.M. 1989-90, C.10)

EXECUTIVE SUPPORT SERVICES

OBJECTIVE

To provide the Minister, and staff responsible to the portfolio with advice and administrative support.

To carry out policy decisions initiated by the Minister.

To direct general administrative operations within the Department.

ACTIVITY IDENTIFICATION

Advises the Minister on issues relating to local government, community revitalization, infrastructure development, land management and planning and community economic development.

Chairs the Departmental Executive Management Committee, the Leaf Rapids Town Properties Board, the Manitoba Water Services Board and represents the Province on the Winnipeg Development Agreement (WDA) Management Committee.

Provides administrative assistance to the Minister's office.

Co-ordinates and manages the activities of the Department.

EXPECTED RESULTS

Positive and responsive action will continue to confirm the effectiveness of ongoing dialogue between the Minister and executive support.

Consultation and communication will continue to characterize the municipal/provincial partnership.

Co-ordination of policy development in support of efficient local government.

Program development that promotes community revitalization and environmentally sound and sustainable community and economic development.

Sound internal administrative procedures and the financial stability of the Boards directed through executive support will continue.

HUMAN RESOURCE MANAGEMENT (CONSOLIDATED UNIT)

OBJECTIVES

The Human Resource Services Branch (Consolidated Unit) provides the Department with a comprehensive, cost efficient and effective range of human resource services; assists the Department to develop and maintain exemplary employment standards and practices; and provides services to assist the Department in managing and maximizing the availability and quality of human resources required to meet the needs of the Department.

ACTIVITY IDENTIFICATION

Conducts recruitment and selection activities under delegated authority according to departmental needs and Civil Service Commission policy, Human Rights Commission and Labour Relations Agreements.

Reviews classification requests under delegated authority, conducts audits, prepares analysis and makes appropriate recommendations to departmental management and the Civil Service Commission.

Facilitates resolution of grievances, assists managers in interpreting the agreement and related legislation, participates in contract negotiations, and develops policies related to employee relations issues.

Provides departmental management with efficient, effective and appropriate wage and salary administration, and ensures that employees of the Department are appropriately compensated and paid in a timely fashion.

Assists departmental management in developing and implementing succession/career planning strategies.

Identifies staff training and development needs and arranges appropriate resources.

Facilitates the attainment of Employment Equity goals through ongoing outreach and integration of Employment Equity considerations in staffing and retention.

Partners with line managers and executive in accomplishing organizational objectives.

Develops policies and procedures for departmental human resource practices.

Assists Department and Managers on all Workforce adjustment.

EXPECTED RESULTS

Provision of human resource services in compliance with the Civil Service Commission policies and standards.

Timely processing of documentation relating to all departmental payroll and human resource activity.

FINANCIAL AND ADMINISTRATIVE SERVICES

OBJECTIVES

To provide central support services essential to the operation of the department, including comptrollership, financial, accounting and general administrative services on a timely basis, and in an efficient manner.

To ensure all financial and management standards are in accord with those set up by government.

To ensure that our clients receive accurate data upon which informed decisions can be made.

Departmental vehicles and other assets will be efficiently and effectively managed.

ACTIVITY IDENTIFICATION

Develops internal administrative procedures and financial reporting and control mechanisms. Implements same to ensure financial and management standards are in accord with those set by government.

Provides general administrative advice and assistance to the department with respect to vehicle management, space planning, office equipment, furniture, telecommunications and other matters.

EXPECTED RESULTS

Department management will receive accurate data upon which informed and effective decisions can be based.

Several thousand payments will be accurately prepared and processed.

Annual Estimates and Quarterly Financial Forecasts along with other financial documents will be prepared and forwarded within established time frames.

Department vehicles will be maintained, as will other equipment either owned or rented.

PROGRAM AND POLICY DEVELOPMENT

OBJECTIVES

To serve as the principal co-ordinating agency for the Department in facilitating interdepartmental co-operation, and to institute programs, services and procedures that complement and support community, private sector, and non-governmental organization initiatives. The Branch develops strategies and new initiatives relating to community and economic development.

To assist in the coordination of the provincial government's involvement in multi-sector international cooperation agreements.

To create and implement effective marketing and information/communication strategies for the Department's programs, services and initiatives.

The Branch provides support to the Department's Executive and to the divisions of the Department.

ACTIVITY IDENTIFICATION

Provides program and procedure co-ordination and evaluation services in support of community revitalization, planning, and economic development. Undertakes program research and development.

Represents the Department and Manitoba communities in interdepartmental and intergovernmental forums.

Co-ordinates and undertakes strategies, major community events, economic initiatives and programming matters with other departments, other levels of government, the private sector, and non-governmental organizations.

Serves as liaison and builds partnerships to support the activities of private, public and non-governmental organizations in the areas of research and community and economic development.

Co-ordinates and implements the Department's marketing and information/communication strategies.

Co-ordinates and implements multi-sectoral international co-operation agreements in partnership with other departments, other levels of government and Manitoba communities.

EXPECTED RESULTS

Branch staff will continue to assist the Department in a variety of community and economic development initiatives.

Advances will be made on interdepartmental and intergovernmental co-ordination and co-operation on community and economic development programming and initiatives. Major events will be developed and launched in co-operation with all three levels of government, Manitoba communities, the private sector, and non-governmental organizations.

Efforts will focus on providing more accessible and effective services to Manitoba citizens. These efforts will include telecommunication and information highway initiatives.

Advances will be made on components and projects under international co-operation agreements in concert with other departments, other levels of government and Manitoba communities.

Increased awareness of departmental programs and initiatives to provide opportunities and support for community organizations, entrepreneurs, and citizens in general.

Continued development of community-based, private sector, and non-governmental organization partnerships.

MUNICIPAL BOARD

OBJECTIVES

The Board is a quasi-judicial tribunal whose members sit to hear applications, appeals and referrals pursuant to various statutes of Manitoba. The Board consists of part-time members, including the Chair, appointed by the Province by Order-in-Council plus a full-time Vice Chair.

ACTIVITY IDENTIFICATION

Hears appeals, applications and referrals under various statutes of the Legislature including The Municipal Act, The Municipal Assessment Act, The Planning Act, The Municipal Board Act, etc.

Exercises jurisdiction as prescribed under various other Acts.

EXPECTED RESULTS

During the 2001 calendar year the Board will issue orders and make reports and recommendations to Ministers of the Crown in accordance with its statutory powers.

NOTE: For detailed program information, please refer to the Board's Annual Report.

SUB-APPROPRIATION 13-2B

SURFACE RIGHTS BOARD

OBJECTIVES

To provide a comprehensive procedure to adjudicate problems which arise between operators (oil companies or their agents) and land owners or occupants in matters relating to surface rights. The five person Board is appointed by the province.

ACTIVITY IDENTIFICATION

Holds regular information meetings to update Board members and allow them to exchange ideas. Quasi-judicial Board sittings provide a forum for parties involved in a dispute to present their evidence.

Conducts on-site visits to the property concerned in a dispute to allow Board members to gather first-hand evidence.

Meetings at which decisions are made allow the Board to consider evidence gathered through the hearing process and through site visits, and to issue Orders.

The Board will provide mediation service upon the request of either party involved in a dispute concerning Surface Rights.

EXPECTED RESULTS

Approximately 95% of all disputes are settled amicably between landowner and the oil company without Board intervention. The remaining 5% usually apply to the Board for settlement.

EXECUTIVE ADMINISTRATION

OBJECTIVES

To facilitate the implementation of Provincial goals and objectives in respect to community and land use planning in Manitoba.

To establish and maintain strong working relationships with municipalities and their agencies that will contribute to the resolution of planning and development issues and the efficient and effective delivery of community services.

To direct the efficient and effective operation of the Community and Land Use Planning Services Division.

ACTIVITY IDENTIFICATION

Provide guidance and senior decision-making in the development, coordination and administration of community and land use plans, policies, programs and legislation.

EXPECTED RESULTS

Continued dialogue between the Division and municipalities and their agencies.

Other expected results are discussed in this report under the Provincial Planning Services Branch, the Community Planning Services Branch and the Winnipeg Development Agreement.

PROVINCIAL PLANNING SERVICES

OBJECTIVES

To develop and administer a dynamic and responsive legislative and policy framework for land use planning in Manitoba.

To define and represent Provincial interests in land use planning.

To provide timely and relevant policy and technical support to government and advice to delivery staff on provincial land and resource management policies.

To develop and implement strategic programs in order to support provincial priorities in various communities.

ACTIVITY IDENTIFICATION

Develop, review and administer The Planning Act and Part 20 (Planning and Development) of The City of Winnipeg Act, and related regulations including the Provincial Land Use Policies.

Review and recommend on proposed amendments to municipal and district development plans.

Coordinate and implement provincial and regional planning and development policies, including in Manitoba's Capital Region.

Develop, coordinate and represent Provincial interests in strategic community initiatives including: the Winnipeg Development Agreement, The Forks North Portage Partnership, and the Manitoba/Winnipeg Community Revitalization Program.

Monitor, review, research and recommend on community and regional planning issues.

Chair and provide secretariat support to interdepartmental committees on planning related issues.

EXPECTED RESULTS

The quality of life in Manitoba's municipalities is improved through sound planning and joint action on priority development issues.

Development in Manitoba is consistent with Provincial legislation, plans, policies, programs and priorities.

SUB-APPROPRIATION 13-3C

COMMUNITY PLANNING SERVICES

OBJECTIVES

To provide effective local development policies, by-laws, strategies and decision-making processes by providing planning and development advice and services to municipalities and their agencies.

To ensure that the Minister's responsibilities as the approving authority for subdivisions are carried out effectively and efficiently.

To facilitate inter-municipal cooperation and coordination on planning and development issues.

To ensure that the potential impacts of development proposals on provincial infrastructure and provincial interests are addressed by providing advice and assistance to Provincial departments and Crown agencies.

To assist municipalities in resolving local development issues by encouraging inter-municipal cooperation and self-directed dispute resolution.

ACTIVITY IDENTIFICATION

Provide planning advisory services to 37 planning districts and 122 member municipalities, as well as 59 other local planning authorities and 51 unorganized northern communities, including background studies, development plan and zoning by-laws, subdivision review and special projects such as subdivision and commercial/industrial park designs, municipal boundary reviews, site development planning, community renewal and sustainable development.

Administer the subdivision review process and approve or reject subdivision applications on behalf of the Minister for all areas of the province with the exception of those planning districts and the City of Winnipeg which have delegated authority.

Implement Intergovernmental Affairs' components of the Livestock Stewardship Initiative including delivery of the Community Planning Assistance Program and participation on the Regional Technical Advisory Committees reviewing applications for major livestock operations.

Facilitate inter-municipal cooperation and partnerships in municipal restructuring, joint infrastructure servicing and revenue sharing agreements, formation of planning districts, local land use and strategic planning and similar initiatives.

Provide advice and services related to alternative dispute resolution.

EXPECTED RESULTS

Sustainable development of Manitoba communities and effective local planning and development decisions consistent with Provincial plans, policies and special provincial initiatives.

RECOVERABLE FROM RURAL ECONOMIC DEVELOPMENT INITIATIVES

OBJECTIVES

To facilitate the funding necessary in order to enhance sustainable community and economic development in rural Manitoba.

ACTIVITY IDENTIFICATION

Provides for the recovery of expenditures related to the Livestock Stewardship Initiative from the Rural Economic Development Initiatives program.

EXPECTED RESULTS

To provide the necessary funding for the Livestock Stewardship Initiative to ensure the expansion of the livestock industry is sustainable. This initiative will lead to the appropriate siting and development of livestock operations that, together with prudent farm management, will protect the environment and generate socio-economic benefits to Manitoba communities and the provincial economy.

ASSESSMENT SERVICES

OBJECTIVES

To provide an equitable, stable and predictable assessment base to support real property taxation in Manitoba.

To provide legislation and policy in support of property assessment and taxation that is seen to be responsive, equitable from the perspective of both ratepayers and taxing authorities, and establishes an economic climate that is competitive with other jurisdictions.

To provide accurate property and valuation information to taxing authorities (ie. municipalities, school divisions, Public Schools Finance Board), property owners, government agencies and other clients requiring such information.

To increase productivity, generate greater revenue as appropriate and decrease product and service costs to core clients, the taxing authorities.

To aggressively pursue the principles of continuous improvement to ensure the delivery of quality assessment services in a fiscally responsible manner fully accountable to clients.

ACTIVITY IDENTIFICATION

Revise assessment rolls for 200 municipal corporations and 61 Northern Manitoba communities by December 31st, by providing updates on new construction, demolitions, ownership and address changes and classification changes for 390,000 properties outside Winnipeg.

Attend annual Boards of Revision and Municipal Board appeal hearings to present evidence.

Reassess all municipal corporations on a quadrennial cycle.

Classify property according to Manitoba property classification Regulation 545/98 and reclassify those whose use has changed.

Prepare Total School Assessment and Total Municipal Assessment by December 1st each year.

Determine "dwelling units" per property to assist the Property Tax Credit Program - Manitoba Finance.

Review and prepare revisions to The Municipal Assessment Act and Regulations.

Develop and implement assessment reform measures as they are approved.

EXPECTED RESULTS

Complete accurate roll.

Produced in an efficient manner at least cost to local government.

Base will result in fair and equitable distribution and taxes.

MUNICIPAL FINANCE AND ADVISORY SERVICES

OBJECTIVES

To develop and maintain a flexible, responsive legislative and policy framework to enhance the viability of Manitoba communities.

To promote the development of local government structures that recognize and address emerging challenges and facilitate efficient and effective delivery of municipal services.

To guide and support elected and appointed officials at the local government level so that they may deliver municipal services efficiently, effectively and equitably.

To develop and maintain a financial policy framework that maximizes the use, and provides for equitable allocation of provincial financial resources in support of local government activities compatible with the overall provincial fiscal plan.

To distribute provincial grants and transfer payments to municipalities accurately, efficiently, and in accordance with provincial policy objectives in support of local government.

ACTIVITY IDENTIFICATION

Provide advisory and consultative administrative and operational advice to municipal councils and/or administrative staff regularly and on request.

Deliver seminars, presentations and workshops to elected and appointed municipal officials on issue-specific matters, and prepare relevant educational support material.

Represent municipal government interests on external and inter-departmental boards, committees and working groups.

Review all capital borrowing by municipalities (except The City of Winnipeg) and approve municipal operating deficits.

Develop municipal financial monitoring systems, provide advisory and consultative financial services; and annually publish municipal financial statistics (Statistical Information - Municipalities of the Province of Manitoba).

Administer statutory requirements respecting audits of all municipalities.

Administer Provincial Municipal Tax Sharing payments and various grant programs.

EXPECTED RESULTS

Municipalities will possess the necessary skills and resources to operate efficiently and effectively in a changing environment in the short run and longer run.

Municipalities will be financially sound.

A relevant and effective legislative framework is maintained.

Provincial grants and transfer payments will allow municipalities to deliver a broad-range of services to residents at a reasonable cost, while at the same time ensuring that provincial policy objectives are met.

INFORMATION SYSTEMS

OBJECTIVES

To provide a complete data processing service to other branches within the Department (including systems analysis, development, implementation, purchasing and maintenance).

To provide access to information generated by this service to municipalities, other provincial departments, the federal government and the private sector, where required and where possible to do so on a cost recovery basis.

ACTIVITY IDENTIFICATION

Support the overall assessment function (except the City of Winnipeg) through enhancement and maintenance of the Manitoba Assessment Valuation Administration System (MAVAS) and the Manitoba Assessment Computer System (MACS) which includes the central property database, a computer assisted land and building valuation process, supporting data for the assessment appeal process, and a property sales analysis sub-system, all of which are part of the Assessment Reform program. Provide public access to assessment information through Manitoba On-line.

Produce annual property assessment rolls, assessment notices, tax collection rolls and tax statements for over 200 municipal corporations (except the City of Winnipeg) and communities under Northern Affairs jurisdiction. Supply electronic copies of assessment and tax data as required by municipal corporations for financial processes.

Provide the data processing service required to provide water bills and collection summaries to support the water billing program for 15 municipal corporations.

Provide the data processing services to update eligibility for some 197,000 owner-occupied, single family dwelling units for the Resident Homeowner Tax Assistance Program.

Provide data processing and small system enhancement and development services to other branches in the support of automated information systems for reporting and evaluation purposes. Provide consulting service to other branches to optimize their use of personal computers through the establishment of procedural standards and controls, back-up requirements and training.

EXPECTED RESULTS

Assessment rolls for each municipal corporation, assessment notices for individual parcels and associated reports will be prepared to support the assessment process on a 25/75 Department of Education/municipal cost-sharing formula. Tax collection rolls for over 200 municipal corporations (except the City of Winnipeg) and individual tax statements displaying levies for general municipal and school taxes, local improvement taxes, resident homeowner tax advances, and all other tax details for approximately 400,000 properties will be prepared on a complete cost recovery basis.

Water bills and collectors' lists will be prepared on behalf of 15 municipal corporations on a complete cost recovery basis.

Homeowners' tax assistance will be updated for close to 197,000 owner occupied, single family dwelling units to support the provincial property tax credit programs.

Application development, including the generation of computerized reports for analytical and statistical purposes for other branches within the Department, assisting in the effective and efficient delivery of their programs.

EXECUTIVE ADMINISTRATION

OBJECTIVES

To co-ordinate delivery of the Department's community and economic development programs.

To carry out policy decisions initiated by the Deputy Minister and the Minister.

To direct general administrative and program operations of the division.

ACTIVITY IDENTIFICATION

Advises the Deputy Minister and the Minister of issues of departmental concern.

Co-ordinates and manages the activities of the division.

EXPECTED RESULTS

Community and economic development programs will be delivered in a co-ordinated and efficient manner.

Programs will be delivered effectively including; the provision of information and financial support to develop and upgrade sewer and water infrastructure, advisory services and grant assistance to local economic development organizations, resource management support to local government and its agencies in the areas of community development, conservation and sustainable economic development, and effective delivery of the Urban and Rural Economic Development Initiative programs.

THE MANITOBA WATER SERVICES BOARD

OBJECTIVES

To provide technical and financial assistance to municipalities, water co-operatives and rural residents, for developing and/or upgrading sustainable water and wastewater (sewerage) infrastructure.

To encourage municipalities and non-governmental organizations (NGOs) to develop sustainable soil and water management plans along watershed boundaries.

ACTIVITY IDENTIFICATION

Develop and provide assistance for sustainable water and wastewater infrastructure that enhances economic development, while improving Public Health and Environmental concerns.

Provide a safe, sustainable water supply to rural residents.

Conduct feasibility studies and environmental impact assessments for developing inter-municipal or regional infrastructure services.

Operate water supply and treatment facilities for municipalities.

Provide resource management advice to the Conservation Districts on programs, standards and processes, to achieve watershed based management plans.

Administer and audit the activities of the Conservation Districts and provide staff support for same.

EXPECTED RESULTS

Technical and financial support (loans and grants, as applicable) provided to municipalities, water co-operatives and rural residents for water and wastewater infrastructure.

Maximize Federal contributions toward water related projects for rural residents.

Feasibility studies to be carried out in a professional manner to ensure that best, sustainable solutions are developed for regional servicing.

Operate fifteen (15) water treatment plants for municipalities, in an efficient manner.

Assistance provided to develop sustainable watershed based programs in the Conservation Districts.

REGIONAL DEVELOPMENT SERVICES - ADMINISTRATION

OBJECTIVES

To encourage and support the development of rural Manitoba Communities through the provision of support to broadly-based community organizations and rural businesses endeavouring to establish successful economic initiatives that will benefit the entire community.

To support the implementation of a community's economic development strategy by focusing on commercially viable developments that have long term economic benefits for the community.

To give rural communities and businesses the tools to develop and prosper by providing them with a series of eight programs including: Feasibility Studies Program, Rural Entrepreneurial Assistance Program, Green Team Program, Partners with Youth Program, Infrastructure Development Program, Community Works Loan Program, Rural Junior Achievement Program and Strategic Initiatives.

The Grow Bonds Program was established in 1991 as a vehicle for residents to invest in local business opportunities, and thereby strengthen the local community, diversify the economy and create employment and other benefits. The Program provides a limited guarantee, which is meant to create an investment climate and a financing tool for communities, thereby allowing them to define and pursue their own economic goals and objectives.

ACTIVITY IDENTIFICATION

Provides salary and other expenditures in support of the operation of the REDI Program on a year round basis. Other expenditures include such items as travel, materials and equipment, program promotion, communication expenses etc.

Administers the Grow Bonds Program, makes recommendations for the reform of the Program and implements approved reforms to the Program.

Provides support to Grow Bond Corporations to carry out their roles and responsibilities.

Reviews investment proposals and makes recommendations to the Provincial Review Committee. Monitors funded eligible businesses and Bond Corporations for compliance with the Act and Regulations and Financing Agreement.

Advises and assists individuals, community development organizations and municipal governments to maintain, expand or create economic activity.

EXPECTED RESULTS

Provision of these funds is essential to the on-going operation of the Rural Economic Development Initiative in support of the development and diversification of the rural Manitoba economy.

An increase in employment, investment and tax revenues for Manitoba communities.

More citizens, including young people, pursuing economic opportunities in rural Manitoba.

Expanded and diversified business opportunities which will in turn increase investment in the Province by Manitobans.

A more effective relationship between government businesses, labour and communities.

REGIONAL DEVELOPMENT SERVICES GRANTS

OBJECTIVES

To assist Manitoba's Regional Development Corporations in fostering economic development in Manitoba's seven economic regions.

ACTIVITY IDENTIFICATION

Provides grants which help support the operating costs of each Regional Development Corporation. Provincial grants are based on a 75/25 cost sharing formula (provincial/municipal).

EXPECTED RESULTS

Strategic community plans will lead to the implementation of projects that generate local employment and income. Provincial grants help to lever local community funding and efforts to support locally driven community economic development initiatives.

	Estimates of Expenditure 2001/02 $(000's)	Estimates of Expenditure 2000/01 $(000's)
Grants to Regional Development Corporations	**545.0**	545.0

RECOVERABLE FROM RURAL ECONOMIC DEVELOPMENT INITIATIVES

OBJECTIVES

To facilitate the funding necessary to enhance sustainable community and economic development in rural Manitoba.

ACTIVITY IDENTIFICATION

Provides for the recovery of expenditures related to Regional Development Services staff including Grow Bonds, and grants to the Regional Development Corporations, from the Rural Economic Development Initiatives Programs.

EXPECTED RESULTS

To provide the necessary funding for the delivery of Rural Economic Development Initiative Programs and for the Regional Development Corporations to meet the requirements of rural Manitoba.

SUB-APPROPRIATION 13-5D-1

RURAL ECONOMIC DEVELOPMENT INITIATIVES (R.E.D.I.) PROGRAMS - OPERATING

OBJECTIVES

To provide funding for specific components of economic development projects and strategic economic initiatives.

ACTIVITY IDENTIFICATION

Provides a limited guarantee on Grow Bonds issued to finance eligible new business opportunities and expansions.

Provides 50/50 cost-shared contributions under the Feasibility Studies Program to cover the costs of hiring independent, arms-length consultants, for the purpose of researching and compiling feasibility studies, marketing studies or business plans for private business, local/regional development organizations, Grow Bond Corporations and municipal governments in rural Manitoba.

Provides provincial loan guarantees to financial institutions under the Rural Entrepreneurial Assistance Program for loans to new and existing, full-time, small and home based businesses in rural Manitoba and provides funding to support business seminars and mentorship service components of the program.

Provides a five-year interest free loan to Community Development Corporations participating in the Community Works Loan Program to promote the growth of small business through the provision of community administered loans to local businesses. To participate in the Program, the local CDC must raise between $10,000 and $25,000. These funds are then matched by a REDI loan on a 2 to 1 basis, to a maximum REDI contribution of $50,000.

Provides program funding to the Green Team Program for summer youth employment to support and enhance tourism promotion; grounds, park infrastructure and mechanical maintenance and special projects in provincial park facilities. In addition, Green Team under its HOMETOWN component provides grants to rural communities, local service clubs, Chambers of Commerce, natural resource and tourism based heritage organizations and private tourism operators for youth employment in order to develop and enhance community parks or to promote local eco-tourism projects.

Provides program funding to the Partners With Youth Program to encourage project sponsors to initiate activities that will result in lasting benefits to the local community/organization and provide valuable work experience for Manitoba's youth. The program also provides a matching grant under its Young Entrepreneur component to support rural Manitoba youth, ages 18 to 29 to start their own businesses.

Provides funding to the Rural Junior Achievement Program for the delivery of Junior Achievement Programs to rural Manitoba elementary and high schools in order to strengthen practical business education and entrepreneurship experience to Manitoba youth.

Provides contributions under Strategic Initiatives to undertake activities, projects or studies essential to creating the foundation and/or catalyst to strategic industrial and rural economic development opportunities and initiatives.

Provides direct contributions to local governments and northern Manitoba communities to undertake community economic development projects of local priority.

Provides additional assistance for start-up and operating contributions under the Program for Transportation of the Mobility Disadvantaged in Rural Manitoba.

EXPECTED RESULTS

Provisions of these contributions and loan guarantees will greatly enhance the capacity of rural Manitoba communities to expand their economic base through increased business activity and to foster new job creation. Funding incentives directed to rural Manitoba are necessary to enhance economic development opportunities which otherwise may not occur because of limitations faced by rural entrepreneurs and businesses. Contributions for the Green Team and Partners With Youth components of REDI will provide youth employment opportunities in support of rural economic development. Contributions for the Rural Junior Achievement component will enhance youth entrepreneurship and business education for tomorrow's leaders.

RURAL ECONOMIC DEVELOPMENT INITIATIVES (R.E.D.I.) - CAPITAL PROGRAMS

OBJECTIVES

To provide funding for capital development projects which will contribute to new capital investment and sustainable community economic development in Rural Manitoba.

ACTIVITY IDENTIFICATION

Provides capital contributions to rural communities participating under the Program for Transportation of the Mobility Disadvantaged for transit system purchases.

Provides contribution funding to rural and northern communities to install or upgrade water and sewer services to improve environmental and economic sustainability.

Provides contributions for the development of new Conservation Districts to undertake sustainable economic development projects in the areas of soil and water management and habitat enhancement.

Provides contributions on a 50/50 matching basis under the REDI Infrastructure Development Program to designated local and regional economic development organizations or local government authorities to develop the infrastructure to support the development of a business enterprise wishing to establish itself or expand in a rural community.

EXPECTED RESULTS

Provisions of these contributions will support rural communities and businesses in their endeavor to undertake capital projects; thereby creating new sustainable economic development, rural jobs and new capital investment that will strengthen and sustain rural Manitoba communities.

URBAN DEVELOPMENT INITIATIVES

OBJECTIVES

To support community and economic development initiatives within the City of Winnipeg. Funding provided under this appropriation is in addition to the financial support directly provided to the City of Winnipeg by Manitoba Intergovernmental Affairs – Financial Assistance to Municipalities.

ACTIVITY IDENTIFICATION

Financial support is provided to a variety of organizations/programs whose activities promote the revitalization and development of the City of Winnipeg. At the time of printing, planned support for 2001/2002 includes:

- Economic Development Winnipeg
- Urban Green Team
- General Council of Winnipeg Community Centres
- Tourism Winnipeg
- Winnipeg Convention Centre Corporation
- Winnipeg Police Service Agreement
- Trade and Investment Strategy
- Kinsmen Reh-Fit Centre
- Manitoba Arts Council
- Capital Region Initiatives
- North American Indigenous Games
- Winnipeg Ambulance Services
- Alternative Financial Services Coalition
- North End Y Business Plan

EXPECTED RESULTS

Ongoing revitalization and development within the City of Winnipeg.

	Estimates of Expenditure 2001/02 $(000's)	Estimates of Expenditure 2000/01 $(000's)

CAPITAL FINANCIAL ASSISTANCE TO THE CITY OF WINNIPEG

OBJECTIVES

To promote a financial partnership between the Province and the City of Winnipeg in the implementation of priority capital projects which renew or enhance municipal infrastructure.

To provide the City of Winnipeg with greater autonomy and flexibility in making capital expenditure choices, and greater certainty in capital funding.

To encourage long-term, cost effective development in the City of Winnipeg.

ACTIVITY IDENTIFICATION

Provincial expenditure of $17.1 million to be cash flowed in 2001/2002 for Urban Capital Projects Allocation commitments, including both conditional and unconditional grants. (Note: The commitment to capital projects generally requires cash flow over the course of several years. Capital grant payments on projects are paid upon receipt of progress claims for work actually completed by the City of Winnipeg.)

Provincial expenditure of $4.5 million for the City of Winnipeg's residential streets repair program.

EXPECTED RESULTS

Continued improvements in the condition of the City's infrastructure.

Enhanced capacity for the City to determine and pursue its capital expenditure priorities.

SEWER AND WATER PROGRAM

OBJECTIVES

To provide technical and financial assistance to municipalities, water co-operatives and rural residents, for developing and/or upgrading sustainable water and sewerage infrastructure.

To develop, with Federal P.F.R.A., sustainable regional water supplies to rural residents to improve public health and quality of life.

ACTIVITY IDENTIFICATION

Provide funding for sewer and water related projects on a two-tier level of assistance. Projects that improve public health, alleviate environmental degradation and develop sustainable economic development qualify for 50% assistance, while projects that are strictly local improvement in nature qualify for 30% assistance. An additional 10% assistance is provided for projects north of the 53rd parallel.

Provide assistance on a 1/3 basis for projects that are Federally cost shared.

Provide 50% assistance for feasibility and environmental impact assessment studies.

EXPECTED RESULTS

Generally, about 20 water and sewer related projects are substantially completed and another 20 projects are in various stages of design/construction each year.

Between 10 to 20 feasibility/environmental impact assessment studies are carried out each year.

The Manitoba Water Services Board enters into agreements with municipalities and water co-operatives for developing the approved works. In addition, rebates are made on small projects to municipalities and/or Hutterite Colonies.

CONSERVATION DISTRICTS GRANTS

OBJECTIVES

To provide technical and financial assistance to Conservation Districts to develop sustainable soil, water and habitat enhancement management plans along watershed boundaries.

ACTIVITY IDENTIFICATION

Provide resource support and grants to the Conservation Districts to ensure that projects that enhance Provincial priorities with respect to soil, water and habitat enhancement are undertaken.

EXPECTED RESULTS

A comprehensive sustainable approach to soil and water management within agro-Manitoba will be fostered and developed. Many Districts will also carry out programs that support eco-tourism, historic resources and wildlife habitat enhancement.

Local involvement, which is critical to effective and coordinated conservation planning and project implementation, will continue to be a requirement and has proven integral to program success.

INFRASTRUCTURE DEVELOPMENT

OBJECTIVES

This program is designed to assist large infrastructure projects, which enhance sustainable economic development in various communities in Manitoba.

ACTIVITY IDENTIFICATION

Provide technical and financial assistance to communities to deal with sustainable agricultural diversification and to enhance opportunities in value added economic development activities.

EXPECTED RESULTS

Funding is provided for sewer and water infrastructure in the City/R. M. of Portage la Prairie to meet the needs of Simplot development, and for assistance for the R.M. of Hanover to upgrade and expand the Blumenort Lagoon.

GRANTS TO MUNICIPALITIES IN LIEU OF TAXES

OBJECTIVES

To reimburse municipalities for services extended to provincial lands contained within local government boundaries through payment of grant in lieu of real property taxes on land exempt from municipal taxation. The rate paid is equivalent to taxes payable if the land were not exempt.

ACTIVITY IDENTIFICATION

Pay grants equivalent to school and municipal taxes on all provincial properties except for those that are exempt. Exempt properties include unpatented land - vacant, public highways or road allowances, provincial waterways, land in provincial parks or recreation areas, community pastures, and land leased to private individuals or companies (hay and grazing permits). Provincial agencies and enterprises (Manitoba Hydro, Liquor Control Commission, Manitoba Public Insurance Corporation) pay their own grant in lieu of taxes, as does the federal government on federally-owned property.

Pay grant in lieu of taxes by municipal tax due dates which are established by municipalities.

Grants are calculated by applying the annual tax mill rate set by the taxing jurisdictions against the portioned assessment of the property as determined by the Provincial Municipal Assessor and, in the City of Winnipeg, by the City Assessment Department.

Commencing in 1993/94, the Department recovered the applicable grant in lieu costs from respective government departments.

EXPECTED RESULTS

Grant in lieu of taxes will be paid to municipalities on over 8,400 provincially-owned properties by the municipal tax due dates to ensure municipalities are treated fairly.

RECOVERABLE FROM URBAN AND RURAL ECONOMIC DEVELOPMENT INITIATIVES

OBJECTIVES

To facilitate the capital funding necessary in order to enhance sustainable development in rural Manitoba.

ACTIVITY IDENTIFICATION

Provides for the partial recovery of operating and capital expenditures related to the Mobility Disadvantaged Transit Program and for the partial recovery of capital expenditures related to the Sewer and Water Program, Conservation Districts Grant, and the Strategic Initiatives - Capital programs from the Rural Economic Development Initiatives program. Provides for the partial recovery of capital expenditures related to the Red River Floodway Control Structure from the Urban Development Initiatives program.

EXPECTED RESULTS

To provide the necessary funding for expanding the Sewer and Water, Conservation District Grant, Mobility Disadvantaged Transit, and the Strategic Initiatives - Capital programs to meet the requirements of rural Manitoba.

SUB-APPROPRIATION 13-7A

CANADA-MANITOBA INFRASTRUCTURE AGREEMENT

OBJECTIVES

The **Canada-Manitoba Infrastructure Program** will improve the quality of life of Canadians through investments that:

- Enhance the quality of Canada's environment
- Support long-term economic growth
- Improve community infrastructure
- Build 21st century infrastructure through best technologies, new approaches and best practices.

ACTIVITY IDENTIFICATION

The new **Canada-Manitoba Infrastructure Program** will inject over $180 million into Manitoba's urban, rural and northern municipal infrastructure over a six-year period beginning in 2000. Through the construction, renewal, expansion or material enhancement of infrastructure throughout Manitoba, the program will improve the quality of life for all citizens and build the foundation for sustained long-term economic growth in the 21st century.

The program continues a history of collaboration and partnership between Canada and Manitoba on initiatives that promote and support the long-term, sustainable economic development of the Province of Manitoba.

The Canada-Manitoba Infrastructure Program will be funded by equal contributions from the federal government, Manitoba government and community partners such as local governments and other community organizations in the private and non-profit sectors. The program works on a reimbursement basis. Project proponents incur and pay 100 per cent of the project costs up front, and are reimbursed by the federal and provincial governments for up to two-thirds of the approved funding total.

A Federal/Provincial Local Consultative Committee (FPLCC) on Infrastructure was established to assist in the review of projects for Canada-Manitoba Infrastructure Program funding. Projects outside of Winnipeg are reviewed by officials from the Association of Manitoba Municipalities and Northern communities, while projects inside Winnipeg are reviewed by officials from the City of Winnipeg.

The **primary investment focus** of the Program is green municipal infrastructure. This includes projects that will protect and/or enhance the quality of our environment, such as water and wastewater systems, water management, solid waste management and recycling, capital expenditures to retrofit or improve the energy efficiency of buildings and facilities owned by local governments.

The **secondary focus** is other local infrastructure, including local transportation infrastructure, cultural and recreational infrastructure, infrastructure supporting tourism, rural and remote telecommunications, high-speed Internet access for local public institutions, and affordable housing.

The program is delivered by a joint, federal/provincial office called the Canada-Manitoba Infrastructure Secretariat.

EXPECTED RESULTS

The federal/provincial agreement was signed October 11, 2000. An application process was launched in December with a first intake deadline of January 31, 2001. Project applications are assessed and reviewed on an ongoing basis by the FPLCC. Project approvals will also be announced on an ongoing basis. The next intake deadline will be early fall 2001.

CANADA-MANITOBA ECONOMIC DEVELOPMENT PARTNERSHIP AGREEMENT

OBJECTIVES

The purpose of the ***Canada/Manitoba Economic Development Partnership Agreement*** is to promote greater federal-provincial co-operation in Manitoba's economic and regional development, including job creation, through a partnership program of strategic investments with other interested stakeholders.

The Agreement provides for regular and ongoing discussions between federal and provincial Ministers on Manitoba's economic development.

ACTIVITY IDENTIFICATION

On May 22, 1998, the federal and Manitoba governments signed the ***Canada/Manitoba Economic Development Partnership Agreement***. The five-year agreement is directing $40 million into strategic projects that will expand the international competitiveness of Manitoba's key growth sectors, commercialize new technologies, assist small and medium-sized businesses and entrepreneurs, enhance the long-term economic self-sustainability of urban and rural communities, and increase tourism potential. The federal and provincial governments each contribute $20 million to the Agreement.

The Partnership Agreement continues a history of federal/provincial cost-shared economic development agreements between the two governments. The purpose of the Agreement is to promote greater federal-provincial co-operation in Manitoba's economic development through a partnership program of strategic investments with other interested stakeholders.

The Agreement is administered for Manitoba by the Canada/Manitoba Infrastructure Secretariat and for the federal government by Western Economic Diversification Canada.

The program focuses on strategic priorities including:

Business Development – Projects focus on initiatives which advance entrepreneurship potential, particularly among youth, Aboriginals and immigrants, enhance expertise in the small business sector and promote products and services nationally and internationally.

Economic Innovation – The agreement supports economic and technological innovation within Manitoba industry as well as increased collaboration with local research institutions to develop and commercialize leading-edge products for global markets.

Regional Strategic Priorities – Funding is earmarked for projects supporting community-based urban and rural economic development in the areas of transportation, information technology, value-added agriculture, biotechnology, health care industries, and tourism, culture and heritage.

Innovative Economic Development Studies – Support is provided for strategic research activities to determine potential directions and the feasibility of longer term initiatives with the capacity to generate economic, industrial and employment growth beyond the term of the agreement.

EXPECTED RESULTS

Since the program was announced in 1998, some 38 projects have been approved throughout Manitoba, levering potential expenditures from all partners of over $100 million. Of these projects, 16 are complete as of March 31, 2001.

NEIGHBOURHOODS ALIVE!

OBJECTIVES

Neighbourhoods Alive! provides groups and individuals in designated urban areas in Winnipeg, Brandon and Thompson with support to rebuild their neighbourhoods. Neighbourhoods Alive! is structured to reduce the silos community groups often encounter in government by establishing a Steering Committee composed of the Ministers of Justice, Family Services and Housing, Aboriginal and Northern Affairs, Education, Training and Youth and led by the Minister of Intergovernmental Affairs.

ACTIVITY IDENTIFICATION

The toolbox of programming includes initiatives in housing, community development, recreation, employment and training, and crime prevention. Intergovernmental Affairs delivers three components of Neighbourhoods Alive! directly. These include:

Neighbourhood Renewal Fund – Assists organizations in designated neighbourhoods through a broad range of locally planned and supported initiatives. To the greatest extent possible, support from the Neighbourhood Renewal Fund is to be complemented by local contributions of cash, labour, materials, services and other in-kind support. The fund supports planning and capacity building at the neighbourhood level

Community Initiatives – Supports projects and activities that broadly address issues that cross neighbourhood boundaries.

Neighbourhood Development Assistance – Provides long-term core operating support for neighbourhood renewal corporations (NRCs) that implement community economic development within neighbourhoods designated under Neighbourhoods Alive! These non-share capital corporations must be locally administered and be accountable to their neighbourhoods.

Under Neighbourhoods Alive!, the Department of Intergovernmental Affairs also supports training initiatives that are developed and delivered by other Departments, in partnership with community organizations and educational institutions.

The Department monitors project activities for Neighbourhoods Alive! programs.

EXPECTED RESULTS

Improvements in the quality of life at the local level through local capacity building, increased community capital and improved community competence, as assessed through mutually developed outcome measures.

SUB-APPROPRIATION 13-9

AMORTIZATION OF CAPITAL ASSETS

OBJECTIVES

To comply with Canadian Institute of Chartered Accountants standards that require that expenditures on tangible capital assets be amortized over the useful life of the asset.

ACTIVITY IDENTIFICATION

Tangible capital assets are those with a useful life extending beyond one year which are acquired, constructed or developed and held for use, not for resale. Tangible capital assets with a value less than the accepted capitalization limit will be expensed in the year of acquisition.

Departmental tangible capital assets include equipment as well as the Department's share of the Desktop Management and Better Methods Initiatives' total estimated project costs.

EXPECTED RESULTS

Recognizing amortization in this way allocates the cost of capital assets to the periods of service provided and amortization is recorded as an expense in the statement of operations.

* Adjusted figures reflect historical data on a comparable basis in those appropriation affected by a re-organization during the years under review.

1. The 1997/98, 1998/99 and 1999/2000 actuals have been adjusted to reflect the amalgamation of the former Departments of Urban Affairs and Rural Development, and the resulting reorganization.

The Administration and Finance appropriation now includes a new Program and Policy Development branch, which is comprised of the former Small Business and Corporate Planning Services appropriation, with the exception of 3.0 FTE's that form part of the new Provincial Planning branch in the Community and Land Use Planning Services division.

There was no change to the Boards appropriation.

The newly created Community and Land Use Planning Services division includes Executive Administration, Provincial Planning Services and Community Planning Services branches. The Executive Administration is comprised of 2.00 FTE's from the former Department of Urban Affairs. The Provincial Planning Services branch includes 4.00 FTE's also from the former Department of Urban Affairs and the 3.00 FTE's from the former Small Business and Corporate Planning Services appropriation. The Community Planning Services branch includes the former Community Economic Development branch less 11.00 FTE's related to economic development services that went to the Regional Development Services branch, and includes 3.00 FTE's from that same branch relating to land use planning.

The Provincial-Municipal Support Services division includes the Executive Administration, Assessment Services and Information Systems branches from the previous Local Government Services division with no changes. It also includes the Municipal Finance and Advisory Services branch which is comprised of the former Local Government Support Services branch with the addition of 5.00 FTE's from the former Department of Urban Affairs.

The Economic and Community Development Services division includes Executive Administration, Manitoba Water Services Board, and Regional Development Services branches. The Executive Administration and Manitoba Water Services Board (formerly Infrastructure Services) branches are unchanged from those previously included in the former Rural Economic Development division. The Regional Development Services branch is comprised of the former Grow Bond and Rural Economic Development Initiative staffing complements, the 11.00 FTE's from the former Community Economic Development branch, less the 3.00 FTE's that went to the new Community Planning Services branch. This division also includes the Rural Economic Development Initiatives programming previously included in the former Rural Economic Development division, and the Urban Economic Development Initiatives program transferred from the Other Appropriations section of the Printed Estimates.

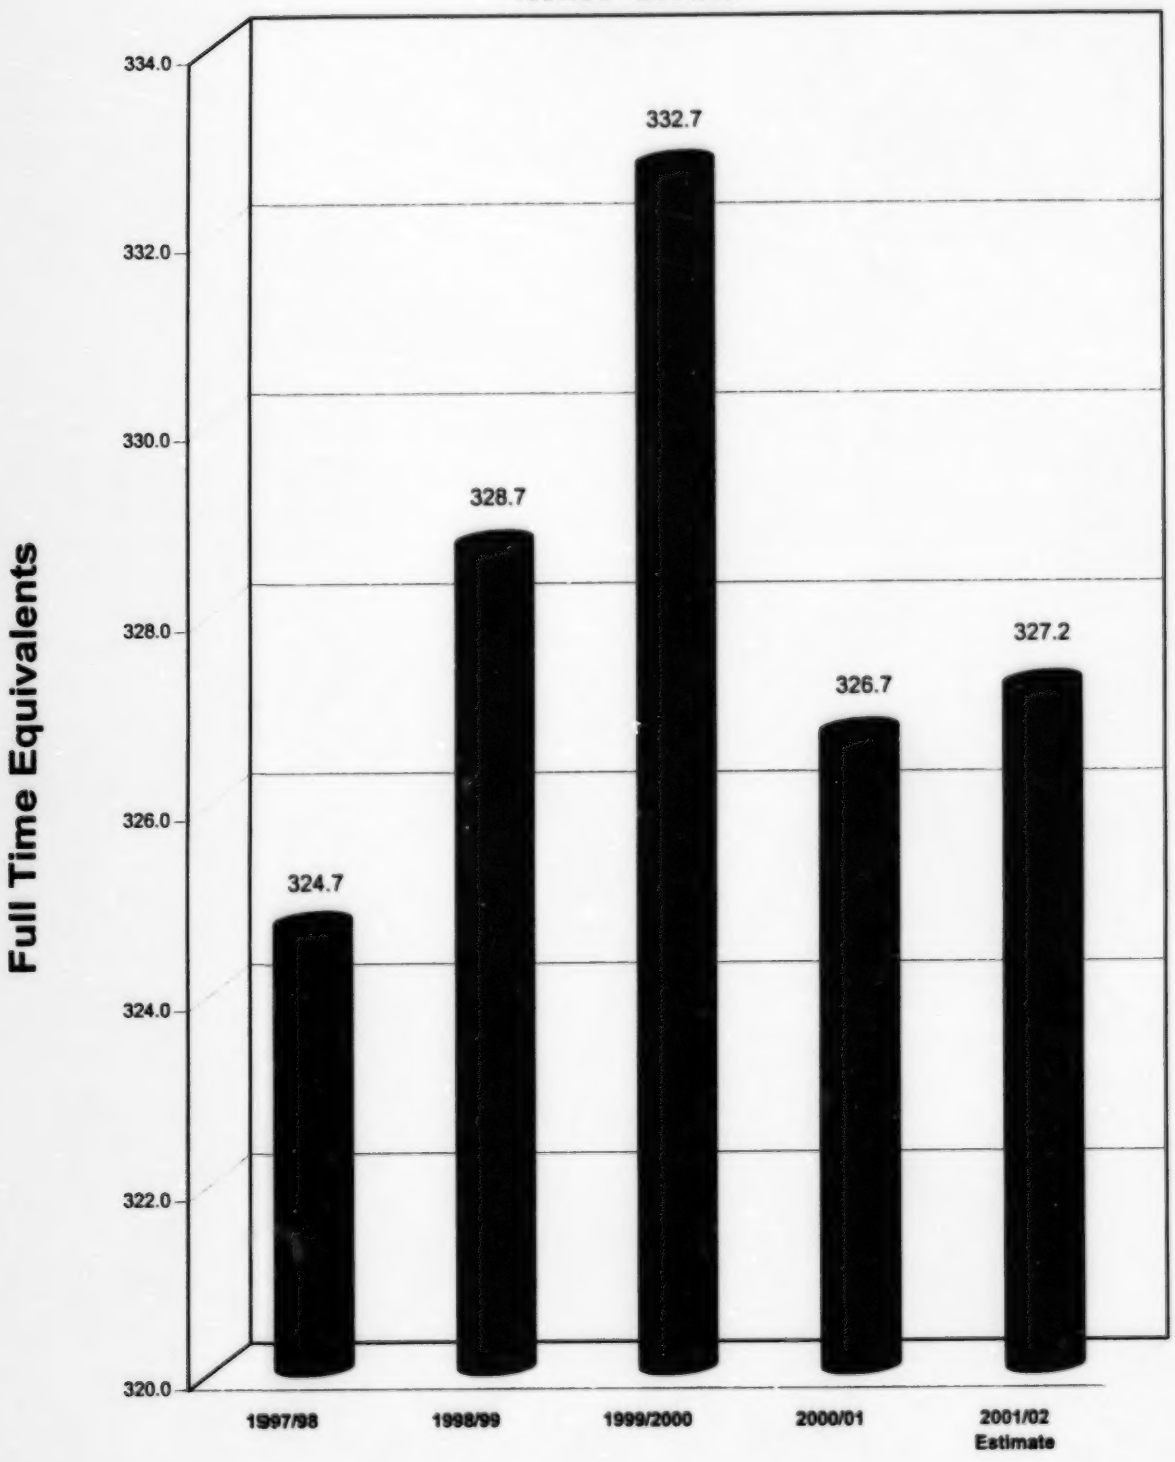
The Financial Assistance To Municipalities appropriation includes all financial assistance programs previously included in the former Local Government Services division, the former Capital Grants appropriation, and the former Department of Urban Affairs. The Unconditional Grants-Rural Community Development previously included in the former Rural Economic Programs appropriation are also included in this appropriation.

The Canada-Manitoba Agreements appropriation includes the Infrastructure Program and Economic Development Partnership Agreements transferred from the Other Appropriations section of the Printed Estimates and the Winnipeg Development Agreement from the former Department of Urban Affairs.

2. The 1997/98, 1998/99 and 1999/2000 actuals have been adjusted to reflect a transfer of staff and operating expenditures from the former Department of Housing to Administration and Finance.

3. The 1997/98, 1998/99 and 1999/2000 actuals have been adjusted to reflect the transfer of the Food Development Centre to the Department of Agriculture.

INTERGOVERNMENTAL AFFAIRS
FIVE YEAR SUMMARY
OF FULL TIME EQUIVALENTS
1997/98 - 2001/02



PART IV

GLOSSARY

COST ELEMENT

A cost element is a classification of expenditures according to the nature of expense such as salaries, supplies and services, etc., which identifies the object of expenditure out of appropriation funds. The government accounting system tracks expenditures according to the following cost element groups:

Cost Element Group	Components
Salaries	Regular Earnings, Other Earnings (overtime, shift premium), Ministers and Members of the Legislative Assembly, Fringe Benefits, Other (Worker's Compensation Allowance, Supplement), Health and Education Tax Levy, Benefit Chargeback.
Grants/Transfer Payments	Discretionary Grant, Nondiscretionary Grant, Transfer Payment, Valuation Allowance, Capital Grant.
Transportation	Vehicles, Aircraft, Bus, Train, Taxi, Non-Government Personnel, Travel Agency Fees, Freight/Courier.
Communication	Telephone, Electronic Communication Services, Postal Services, Advertising/Program Promotion, Radio Systems, Other.
Supplies and Services	Operating Supplies, Materials, Office Supplies, Maintenance, Other Services, Rentals, Professional Services, Utilities, Other Fees.
Public Debt	Credit/Debit Card Fees, Gain/Loss on Foreign Exchange, Interest on Debt, Discount on Debt, Amortization, Debt, Interest Charges, Other Charges.
Minor Capital	Land, Buildings, Vehicles, Machinery & Equipment, Computers, Furniture, Leasehold Improvements, Loss on Sale of an Asset, Amortization Expense.
Other Operating	Accommodations, Food and Beverage, Computer Related Charges, Insurance Costs, Publications, Allowances and Other Financial Compensation, Other Personnel Costs (relocation/transfer costs), Other Operating (membership fees, hospitality, employee training, uniforms, conference/convention registration fees, incidental allowances), Imputed Surcharges.
Financial Assistance and Related Costs	Consumables on Behalf of Citizens (Clothing, Food, Drugs), Fees and Services, Shelter, Transportation, Special Needs, Direct Assistance Payments, Indirect Assistance Payments.

EMPLOYEE BENEFITS

Costs incurred by government for its contributions to the Employment Insurance Program, the Canada Pension Plan, the Group Life Insurance Plan and the Ambulance, Hospital Semi-Private Plan, as well as the payments made under the Dental Plan, the Long-Term Disability Plan and the Levy for Health & Post Secondary Education.

ESTIMATES OF EXPENDITURE (Adjusted)

A re-alignment of previous year's estimates of expenditure for any organizational change to provide for more accurate and realistic comparisons from one budget year to the next.

FULL TIME EQUIVALENT

A measurement for number of positions. Every full-time regular position represents one full time equivalent position. Other categories (eg. term, departmental, sessional, contract) are measured in proportional equivalents, eg. a program with a vote of 1.50 term FTE could hire staff in any combination that results in a total of 1 1/2 years (or 78 weeks) of employment (eg. 6 staff for 3 months (13 weeks) each; 2 staff for 9 months (39 weeks) each; 1 full time and 1 half time staff for 1 year; 3 half time staff for 1 year, etc.)

STAFF CATEGORIES

Managerial

Positions which have been delegated the authority and have the responsibility to plan, administer, and control the resources and activities of a defined organizational unit in the Manitoba Government, and are directly and fully accountable for:

- the utilization of resources in achieving planned objectives including the development of a budget and the initiation and authorization of expenditures; and,
- the organization's results and impacts.

Professional/Technical

Employees who have duties that relate to specific areas of program operations requiring some functional specialization.

Included in this category are employees classified within the following components and/or series:

Education
Health
Legal, Inspection & Regulatory
Physical Sciences
Social Sciences
Trades, Operations & Services
Personnel Officer Series
Administration (with the exception of the Administrative Officer Series)
Engineers (O.P.E.E.P.M.)
Legal Aid Lawyers (L.A.L.A.)
Crown Attorneys (M.A.C.A.)
Doctors (M.M.A.)
L.A.M.C. Staff
Professional Officer Series

NOTE: Those employees designated as managers and also classified within one of the above components or the excluded component shall be categorized only once, as managerial.

Administrative Support

Employees who have duties related to the provision of support and assistance to program operations.

Included in this category are employees classified within the clerical component or the Administrative Officer series.

STAFF TURNOVER ALLOWANCE

An adjustment made to a salaries account to allow for attrition and staff turnover. It is a negative adjustment to enable the organization to more accurately display salary requirements.
